

## Communication Standards for InFaith Summer Staff

Welcome to InFaith's Summer Staff program! We're so glad to have you serving with us this summer. We want to help you communicate about what you'll be doing and continue to share what God is doing throughout the summer, so read below for tips on how to do that.

### Your Support-Raising Newsletter

We have a Summer Staff "Newsletter Template" that you can use to create the letter you will send out to people as you raise support for your summer mission. This template has a place to enter specific information about you, where you'll be serving, and which InFaith missionary you will be serving with. It also has a spot for you to enter the URL to your summer staff profile page on the InFaith website, where people can learn more about you and donate.

### Connecting to InFaith nationally

#### Social Media

Connect with InFaith on social media. Like us on Facebook and follow us on Twitter and Instagram. When you post about your summer ministry, make sure to tag or mention us so we can see your post and help share your story! Share or retweet our posts to show everyone you're serving with and help us raise awareness about the lives being changed across the United States.

### Additional Resources

Once you're approved as a Summer Staffer and complete all of your forms for InFaith, a monthly statement showing how much support has been raised and the names of your donors will be available upon request. Please send any requests to Michael DeHaven at [michael@infaith.org](mailto:michael@infaith.org).
